**SUBJECT : CONVERSION OF ALL HOSTELS INTO SELF-CATERING**

---

I make reference to our communication dated 11<sup>th</sup> March, 2021, in which we informed you that effective beginning of the 2021/2022 Academic Year, the University will stop providing meals to students since all student hostels will be converted into self-catering .

I wish to inform you that the project to convert all student hostels into self-catering has not yet been completed. As such, the status quo remains. Only those in already self-catering hostels will have an option of either preparing their own meals in their hostels or indeed feed from the dining halls. For the rest of the students in non-self-catering hostels, they will still continue to feed from the dining halls as the case has always been.

The applicable fees are as tabulated below:
