**SUBJECT** : **ON-LINE LEARNING**

---

The above subject refers.

In our efforts to provide outstanding on-line learning in a cost effective manner to all fulltime students, the University has signed a Memorandum of Understanding with MTN Zambia. One of the major benefits of the MoU is that MTN Zambia will provide 100 megabytes free-of-charge on a daily basis to all registered students with MTN sim cards accessing Moodle and the student information system.

It is therefore advisable that you use an MTN sim card in order to be able to access learning material at no cost and get relief from the cost related to data bundle.

Further, the University has installed **Moodle big blue button** which is currently running effectively. The Big Blue Button is an open source web conferencing solution for online learning that provides real-time sharing of audio, video, slides, whiteboard, chats and other facilities. This facility will allow for more face to face interaction with lecturers and reduce the cost of using Zoom as it will benefit from MTN 100Mb daily access.

You are therefore requested to ensure you register with your respective Schools, if you haven't already done so, in order to access the above services which are beneficial to you at no cost.

**Let use all Stay home, stay safe, mask up and sanitize as we fight the COVID-19 pandemic.**
